Dear Doctor Elstad:

Your letter of April 16th has been received and I was very pleased to hear from you and of course of your interest in my H.J.Res 316. My secretary had also informed me of your visit to my office and I was sorry to have missed you. I am most grateful for your kind remarks regarding my efforts and I would like very much to visit your College as you have suggested.

With regard to your comments concerning the joint resolution, I have taken the liberty of discussing them with Doctor Wilkerson and I am enclosing his reply to me. After you have had an opportunity to review the contents I shall be interested in having your comments.

Kindest regards,

Sincerely,

John E. Fogarty, M. C.
